Business Development · Business Analyst · Growth Strategy

PROFESSIONAL SUMMARY

Fresher with experience in BD, recruitment, and market research; international hackathon champion (Rank 1 of 6,200+) recognized for pitching product strategy across AgriTech, AR, and AI. Delivered real-world consulting outcomes across 6+ national and international competitions.

WORK EXPERIENCE

Trustique Assists Pvt. Ltd. | *Talent Acquisition & BD Intern* | Lucknow, UP June 2025 - Aug 2025

- o Sourced, screened, and onboarded **20+ interns** across multiple colleges; evaluated candidates on technical aptitude and behavioural fit to build a high-quality cohort ahead of project deadlines.
- o Promoted to **Team Lead**; directed **3 cross-functional teams (15–18 members)**, achieving **100% on-time delivery** through structured stakeholder communication and blocker resolution.
- o Ran discovery sessions with key partners to define a B2B marketplace app; drove **30%** growth in platform user base by applying market intelligence to align features with farmer and agri-service target segments.

Skill Dzure | *Data Analytics & Machine Learning Intern* | Remote Dec 2024 – Jan 2025

- o Improved ML classification model accuracy by **15%** through data cleaning and EDA in Python and MS Excel; delivered all tasks with **100%** on-time completion rate.

Codesoft | *Software Development Intern* | Remote June 2024 – July 2024

- o Reduced code review cycles by **20%** by shipping **3 modular components** using Agile methodology; improved overall team delivery speed through structured optimisation.

SKILLS

Business: Business Development, Market Research, ROI Analysis, Go-to-Market Strategy, Lead Generation

Technical: Flutter, Python, IoT, Git/GitHub, Android Studio.

Data & Tools: SQL, MS Excel, MS PowerPoint, Agile Methodology

PROJECTS

- **Livestock Monitoring System – IoT & AI AgriTech** (HackNITR 7.0 Rank 1 | HACKSAGON First Runner-Up)
 - o Built dual-component solution – **IoT hardware** (Land Rover + multi-sensor wearable) and **software** (web app, firmware) – for real-time livestock health monitoring across **100+ animals per unit**.
 - o Achieved **~65% cost reduction** (Rs. 60,000 vs Rs. 2–3 lakh/head); benchmarked global competitors and CAGR data; designed product launch strategy and ROI case for farmer and insurer segments.
- **ARound You – AR Social Media & Tourism App**
 - o Identified first-to-market gap in AR social and tourism; integrated **Map Tiles API** with ARCore for geo-tagged **3D memory sharing** across **multiple devices**; prioritized features via user behaviour data. Tech: ARCore, Firebase.
- **TravelGo – AI Travel Strategy Platform**
 - o Mapped competitive landscape to identify travel planning fragmentation; engineered a full-stack platform integrating **4 APIs** (Hugging Face, TripAdvisor) for AI-driven itinerary generation, hotel suggestions, and budget planning.
- **Superstore Marketing Consultancy** *BD & Growth Strategy*
 - o Diagnosed a local superstore's low-footfall challenge through customer segment mapping, sales pattern analysis, and competitor benchmarking across **3+ product categories**.
 - o Devised growth strategy with **3 actionable recommendations**; client **implemented all**, achieving measurable revenue uplift and **25%+** increase in customer footfall.

EDUCATION & CERTIFICATIONS

Jaypee University of Engineering and Technology – Guna, Madhya Pradesh, India July 2023 – 2027

B.Tech, Computer Science and Engineering · CGPA: 7.5

- o Coursework: Data Structures & Algorithms, DBMS, SQL. Certifications: Machine Learning (Skill Dzure), Flutter Development (Trustique), Google Cloud Platform (GCP).
